### EMPLOYEE

# Important Information to Get You Started

### **Create your online account:**

Go to www.myuhc.com or use the UnitedHealthcare mobile app.

Once you sign up, you can securely access time-saving tools and resources to manage your health.

Once you register, you'll be able to:

- Print temporary member ID cards (member will receive a separate card for medical & dental, if they want a vision card they will need to print one from the portal).
- Check past and current statements and claim status
- Review eligibility and look up benefits
- · Find a hospital or doctor
- Compare hospitals in quality and cost at the procedure level
- Chat with a nurse online in real-time

### Accessing coverage before your member number is received:

If a member needs medical services prior to receiving their member number, the following will apply:

- Members can print a temporary ID card at www.myuhc.com.
- The employer can request a temporary ID card on behalf of PPO employees at <u>www.EmployerEServices.com</u>. The option to print HMO cards by the employer is not available.
- Provider may be willing to hold off on billing to avoid having to reprocess the claim.

Please allow additional days after receipt of approval letter for members to be active before attempting to verify eligibility.

## Accessing prescription refills if your member number is not available:

Try to refill maintenance prescriptions prior to the end date of the existing coverage. If members need to fill prescriptions prior to receiving their ID cards, they may be required to pay out of pocket and submit a claim for reimbursement.

The pharmacy may be willing to dispense just enough medication to hold you over until your new ID number is generated.
