Yes = The vaccine is in network at that location and covered at 100% with no additional cost.

No = The vaccine is not available or considered out-of-network at that location, and incremental out-of-pocket costs may be incurred.

¹ Employer-sponsored on-site adult flu shot clinics.

² Check with providers for availability of vaccines.

³ Requires coordination because of drug storage requirements.

Note: If you have a California HMO Plan, please contact your primary care physician to arrange services. If you have a CA PPO/POS Plan, you may obtain services as identified above.

Certain preventive care services, including immunizations, are provided as specified by the Patient Protection and Affordable Care Act (PPACA), with no cost-sharing to you. Some plans may require copayments, deductibles and/or coinsurance for these benefits. Always review your plan documents to determine your specific coverage.

Certain vaccines have coverage age limitations.

All trademarks are the property of their respective owners.

The health care reform law requires the coverage of certain preventive services, based on your age and other health factors, with no cost-sharing. The preventive care services covered are those preventive services specified in the health care reform law. UnitedHealthcare also covers other services, which may require a copayment, coinsurance or deductible. Members should refer to their plan documents for specific coverage details.

Insurance coverage provided by or through UnitedHealthcare Insurance Company or its affiliates. Administrative services provided by United HealthCare Services, Inc. or their affiliates. Health Plan coverage provided by or through a UnitedHealthcare company.
