

Ready to see yourself with a new look?

Enjoy the convenience of contact lenses

Be free from your glasses

Contact lenses are a great option to correct your vision. Your doctor will help you determine if you're a candidate for contact lenses and the type of lenses appropriate for you. Some popular choices include:

Conventional

Conventional lenses can be rigid, gas permeable material or conventional soft lens material.

Disposable/frequent replacement

Replacing your contacts on a regular basis may be in your best interest. Your doctor will help you choose from monthly, weekly or daily replacement lenses.

Bifocal

These correct for distance and near vision at the same time (just like bifocal glasses).

Toric

With a special curvature designed to correct for astigmatism, toric lenses are used when conventional soft or rigid lenses don't correct the defect.

Colored or fashion-tinted lenses

Cosmetically tinted lenses are designed to enhance or change a person's eye color. They are very popular among people with light-colored eyes and offer an excellent opportunity to change or enhance eye color.

Most Humana vision plans cover conventional and disposable contact lenses, as well as fitting and follow-up fees. Refer to your plan for more information.

Humana®

Our vision benefit plans have exclusions and limitations and terms under which the coverage may be continued in force or discontinued. For costs and complete details of the coverage, call or write your Humana insurance agent or broker. Humana group vision plans are offered by Humana Insurance Company, Humana Dental Insurance Company, Humana Health Benefit Plan of Louisiana, Humana Insurance Company of Kentucky, Humana Insurance Company of New York, CompBenefits Insurance Company, CompBenefits Company, or The Dental Concern, Inc. For Colorado: The Network Access Plan, which describes an access plan specific to your network, is available by calling the customer service number found on your Humana Vision ID card and requesting a copy.
